Finance Apprentice

- The successful candidate will work as part of the finance team, assisting with the smooth running of the Finance Department.
- You will be supported by Finance professionals and as your skills develop you will be given more demanding tasks and exciting projects to work on.
- Time will initially be spent in Sales Ledger and Purchase Ledger to understand the business, progressing into Month-end Accounts Prep, Balance Sheet Reconciliations, Product Costings and Variance Analysis.
- You will have the opportunity to learn the day-to-day running of the business, of your team, as well as becoming familiar with your new environment.

You are the future of our business

At Mackle Petfoods, our Apprenticeships offer an opportunity for students to gain hands-on experience in a nurturing and professional environment.

Our Apprenticeship Programmes are designed to provide you with a variety of skills and boost your knowledge in multiple departments within the business all tailored to your studies.

We take pride in our Petfood Family and the knowledge they have gained over years of experience makes them the perfect people to learn from. In your time as an Apprentice, you will be placed in teams with trained and skilled individuals to learn from our best!
