

Job Title **Data Analyst**

Reporting To Head of ICT

Job Purpose Mackle Petfoods wish to recruit a highly motivated and detail-oriented Data Analyst who is capable of handling large volumes of data. This position will enable the successful candidate to enhance their professional development within a local, family business which has been established for over 50 years, whilst using their skills and qualities to create solutions for our business requirements.

Hours of work: **Monday to Friday – 09.00 – 17.00**

Mackle Petfoods is an award winning BRC Grade AA+ certified family company which has been manufacturing high quality dog and cat food for over 50 years.

The company employs over 260 staff across two production sites in Moy and Moygashel, Co. Tyrone. Each site has benefited from multi-million-pound investment in recent years to facilitate the production of increased volumes of pet food and an extensive renovation project is currently under way. The investment is a result of increasing demand from across the UK and Ireland, as well as the multitude of countries to which we now export.

Mackle Petfoods produces over 70 million cans and 40 million trays annually, including our trusted brands Naturo, Brandy and Cat Club.

Key Responsibilities for this role:

- Develop and manage data analytics to support data driven company decision making
- Plan, design & manage data processes and data flows
- Review and improve existing reporting systems
- Provide analytic services to the Senior Leadership Team
- Analyse problems and determine root causes
- Monitor and report on business activity & results.
- Work across the business to define and create reports & analytics.
- Fully utilise the data to create actionable insights.
- Provide high quality proactive analysis.
- Create presentations and reports to effectively communicate findings and recommendations throughout the company
- Providing streamlined reporting, analytics and insights
- Collaborate with various departments to gather and define data in line with business requirements
